EYES AND EARS

LET OUR WALT DISNEY TRAVEL COMPANY MAKE YOUR VACATION DREAMS COME TRUE

Have you been postponing that vacation you've always dreamed of because you hate making all the necessary travel arrangements that are required before you depart? Well our Walt Disney Travel Company can save you time and aggravation by making all the arrangements for you!

Our Walt Disney Travel Company, located at the Lake Buena Vista Preview Center, is a branch of our world-wide Walt Disney Travel Company based in Anaheim, California. Our third office is located in Tokyo, Japan. The twenty-five cast members who make up the entire staff here in Florida are qualified to make complete travel arrangements.

To assist you with airline, Amtrak, or steamline reservations our Retail Travel department is open **Monday through Friday** from **8:30 am to 5:30 pm.** They can also arrange vacation tour packages which include hotel accommodations, limosine service from the airport to your final destination and many other "extras" depending on the individual plan you choose at **no cost** to you! Cast members can drop by their offices or call **828-3255** for assistance with travel plans.

Our cast members who need assistance with business travel arrangements, both domestically and internationally, call on our Corporate Travel hostesses who make arrangements for air travel, hotel reservations, car rentals and any other details which may be necessary.

The Group Travel department's primary responsibility is to assist large groups arriving at Walt Disney World. To make their travel easier, our hostesses greet group arrivals at the airport, make bus arrangements, hotel accommodations and organize excursions to other Central Florida attractions.

The Wholesale Department and the Sales Department of our Walt Disney Travel Company assist other travel agents and companies with reservations and travel plans here at Walt Disney World. The Wholesale Department helps arrange "honeymoon" package plans at our Lake Buena Vista Hotel Plaza, Treehouse Villas, Townhouse Villas and Fairway Villas. The Sales Department travels extensively, making presentations to travel agents, airlines and others in the

Our Walt Disney Travel Company is a full service travel agency, and can make your vacation dreams come true!

Our Walt Disney Travel Company has the capability to arrange complete travel plans for cast members and guests partly because of our Tel-X System which connects to various points throughout the world. **Keith Goudreau** *demonstrates how the Eastern Codamon machine connects us to New York.*

To make large group travel easier, our Group Travel hostesses **Timmi Worswick, Latrelle Smart, Cheryl Hunt** *and* **Lillie Thompson** *greet groups at the airport, escort them to Walt Disney World and assist with their questions.*

WATCH HOW YOU DRIVE . . . STAY ALIVE!

It's been a rainy summer and with our afternoon showers come slippery roads . . . and accidents! Many cast members have witnessed these "fender-bender"- mishaps while enroute to and from work; and to help you avoid becoming involved in any of these accidents yourself we have a list of safety reminders for you.

- When it's raining, drive with your headlights on . . . it's also a Florida State law.
- Slow down on rain slick roads and near construction areas . . . more accidents happen under these circumstances than under any other.
- Watch for "blind corners" and intersections where vision is partially blocked by landscaping or other obstacles.
- Most importantly, maintain the legal speed limits . . . remember, it's better to arrive late than never!

THANKS TO YOU . . . IT WORKS FOR ALL OF US

This year's United Way Campaign will assist 73 organizations and services in Orange, Osceola and Seminole counties by providing needed funds vital to their operation. By supporting these groups you are helping tens of thousands of people by providing health, character building and family services that would otherwise not be available to them.

The United Way has proved to be an effective way to provide a balanced package of needed community services that affect all of us, according to **Joe Weckerle,** United Way Director. Joe further explained that all United Way funds are raised by volunteers, then allocated by volunteers, and spent by volunteers, thereby making it possible to send 93 cents from every dollar contributed to the agencies supported by the United Way.

And the United Way grows with the community it exists in. **Bert Neidig,** this year's Campaign Chairman, explained that eleven new organizations have become members of the United Way Campaign in the past five years, to help meet our community's needs.

Walt Disney World cast members have been a tremendous support for the United Way Campaign . . . and was the largest single contributing group for the last three years. "No

group has yet to contribute a quarter-million dollars, but Walt Disney World has come close," Joe Weckerle told us. In 1977 Walt Disney World cast members pledged $238,500 to the United Campaign,

nine percent of the 2.5 million dollars raised that year.

So thanks to all our cast members who continue to support the United Way Campaign, it works for all of us!

HANDICAPPED PARKING SPACES FOR HANDICAPPED ONLY, PLEASE!

Several new Handicapped Parking spaces were recently placed at the entrance to the Center Building, Casting Building, and at various other employee parking areas. These spaces are reserved for handicapped individuals **only**; a special handicapped sticker is required on all cars parking in these spaces.

If you are handicapped and need a sticker for your car, contact **Corinne Weiss** at the Equal Employment Opportunity Office at the Center, extension **4720.** Any cars parked in these spaces without a sticker will be towed away.

VISTA FLORIDA TELEPHONE SYSTEM OFFERS DIRECTORY LISTINGS

Included with this week's paycheck was an application form for free telephone listing for cast members' home telephone numbers in the Souvenir Edition of our Lake Buena Vista Telephone Directory.

Any cast member who is interested in utilizing this free service should complete the application form, returning it to their Division Office no later than **Thursday, September 28.** Cast members will be listed in the telephone directory along with a notation as to their favorite sports and activities to enable you to locate a partner for tennis, racquetball, skiing, or whatever sport you enjoy at a glance.

Don't forget to complete this application form to be included in the Lake Buena Vista Telephone Directory.

GOLF RESORT'S DIXIE DELTAS ADDS A DANCE FLOOR

Our Golf Resort Hotel recently added a dance floor in the Trophy Room to make evening dining more entertaining. And performing nightly for your dancing pleasure is our own **Dixie Deltas.**

George Morrow, Jimmy Allen *and* **Mel Glass** *join together to perform nightly at our Golf Resort Hotel's Trophy Room as the Dixie Deltas.*

The group originally formed over two years ago out at Disneyland, coming to Florida to perform on our Admiral Joe Fowler and at the Golf Resort. With the opening of our Empress Lilly Riverboat, the Dixie Deltas joined the other entertainers at the Baton Rouge Lounge. But now they're back at the Golf Resort with strolling music from 6 pm to 9 pm nightly and dancing music from 9 pm to midnight.

The Trophy Room serves an Italian menu from 5 pm to 10 pm with a fondue and dessert menu from 10 pm to midnight for our guests' dining pleasure.

DATES TO REMEMBER

ONCE-A-YEAR CLEARANCE SALE AT MAIN ST. BARGAIN BASEMENT

As the year comes to a close, everything at our Main Street Bargain Basement must be sold!

For three fantastic days, **September 21 through 23,** the Main Street Bargain Basement will be open from **8 am to 5 pm** offering spectacular clearance prices to all cast members.

Please remember that tunnel areas are for cast members only; family members and friends will not be able to participate in this sale.

Don't miss this once-a-year opportunity to purchase items at these tremendous savings. The Main Street Bargain Basement accepts cash, Master Charge and Disney Credit Cards on all purchases.

IT'S YOUR WORLD!

A large amount of work is presently in progress to refurbish our employee break areas and cafeterias. At the Casting Building **Jim Jembecki** and **Don Theriault** are installing new light fixtures in the new break area which will feature a landscaped courtyard to bring the outdoors inside!

"It Takes People"

With the International Chamber of Commerce Congress rapidly approaching many cast members have been overheard mumbling French phrases and practicing their accents. But for **Suzanne Fiore,** *a Data Coordinator in Data Processing, the French accent comes naturally. Originally from Haguenau, France, Suzanne came to the United States as a French "war bride". After raising their family in New Jersey the Fiore family decided to try Florida living, moving to Orlando in 1970. Suzanne joined our cast in 1973, three years after her husband,* **Sal,** *joined our Facilities Division as a painter. Suzanne has managed to keep her fluency in French over the years, has mastered German as is presently studying Spanish! She enjoys working with arts and crafts, swimming, bicycling, jogging and above all reading. She also loves to travel, and she and her husband plan a special trip for each vacation. She plans to return to France in the near future if possible so that she can visit with relatives. In the meantime she's anxiously awaiting the chance to utilize her language abilities during the I.C.C.*

It wouldn't surprise anyone to learn that one of our cast members was from Windermere . . . unless you learned that we meant Windermere, England. **Roger Dobson,** *a casual temporary host at the Fort Wilderness Outpost, took a summer vacation from Leicester Polytechnic in England where he studies estate management, property law and land economy, to work here at Walt Disney World. Roger said that his hometown of Windermere is hillier than our Windermere, Florida, yet the town does overlook a cluster of lakes. It's a country town, approximately 280 miles outside of London. Living in a country that small makes it relatively easy to travel to nearby countries, and Roger has made good use of this opportunity, traveling to France on numerous occasions, to Spain, Greece, and Switzerland, just to name a few; but this has been his first trip to America. Roger has enjoyed this summer as a British University North American Club exchange student that he can't wait to return. In fact, he hopes to see a British Pavilion at our future World Showcase area, and hopefully work there!*

Despite our constant efforts to keep everything at Walt Disney World running smoothly, things do need to be repaired. Normally, this is not a problem but for our first year of operation repairing plumbing in the women's restrooms was a tremendous problem . . . until 1972 when we began training women to be plumbers! **Barbara Jackson** *was one of the first to be trained through that program and has enjoyed the work so much she's stayed for six years! Originally from Milwaukee, Wisconsin, Barbara is what you might call a "Jane-of-all-trades". While living in Milwaukee, Barbara worked in various office and clerical positions; after tiring of that line of work she traveled to Alaska working as a personnel clerk for the Air Force Base and later as a clerk in a gasoline station at the Army Post. After returning to Milwaukee she found a job on an assembly line . . . just to try something new. When she came to Florida in 1971 she decided to join the cast at Walt Disney World. Barbara started as a Custodial hostess, but a year later she began repairing leaky faucets and unstopping drains. When she's not busy here at work she helps her husband Charlie, a carpenter at our Parade Building, remodeling their home; or, she spends time with her year-old son, Scooter.*

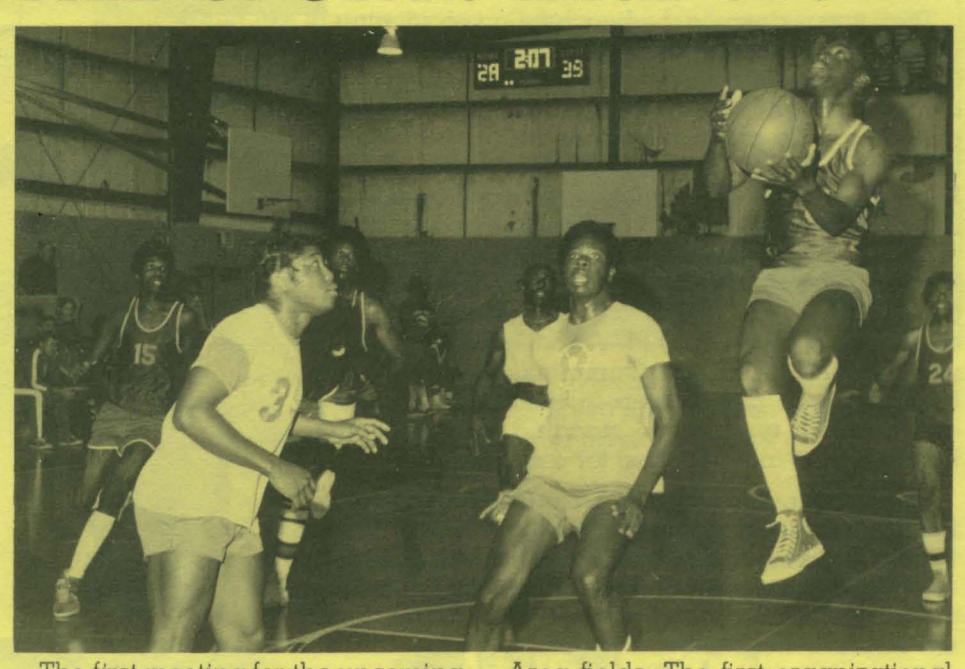
photo by John Beebe/photo bureau



The first meeting for the upcoming Fall & Winner **Basketball Leagues** was held last Tuesday. But never fear . . . the second organizational meeting is still yet to come, and you are invited to attend on **Tuesday, September 26,** at 7 pm in the Cast Activities Lounge, 2nd floor of The Center.

Currently, plans call for the ladies to play on Monday evenings, with the men to hit the courts on Tuesday, Wednesday and Thursday nights. All you need do is call Cast Activities if you cannot attend the meeting, leaving your name and a call back number.

And finally, there's our **Softball Leagues** with their Fall & Winter schedule on our Administration Area fields, The first organizational meeting is set for **Wednesday, September 27,** at 7 pm in the Cast Activities Lounge. We are looking for both men's and women's teams to play evenings on two of Central Florida's best kept fields . . . all you supply is your glove, Cast Activities will supply the neat's-foot oil!

Full details are available by calling Cast Activities or visiting our offices on the 2nd floor of The Center.

LABOR DAY PICNIC LARGEST EVER!

Cast Activities annual **Labor Day Picnic** at Little Lake Bryan was our biggest and best ever, as over 1500 cast members and their families spent the day playing games, soaking up the rays, watching water ski shows, visiting cast club exhibits . . . and eating! And that was perhaps one of the more favorite activities as picnic-goers consumed thousands of quarter-pound hot dogs, hot buttered corn on the cob, ice cream and watermelon.

Next to the volleyball courts was a **Horseshoe Tournament** which lasted most of the afternoon. And when it was all over, **Frank Spence** of Plumbing and **Gene Wilson** of the Polynesian Village took top honors in the Men's Division, with **June Piper** of the Print Shop and **Karen Kendrick** of Greyhound Bus Lines taking the gold for the Women's Division.

Then it was down to the beach for a spectacular water ski show, presented by our **Water Ski Club!** Over 20 cast members were involved in production of the 45-minute show, with many of the skiers attending daily practice sessions with a 7 am call time every day for a month! Special thanks go to **Ken Royal** of Fort Wilderness and **Leo Jolin** of Arcade Maintenance for pulling together the fine presentation which was viewed by the picnickers Monday afternoon. Various acts included trick skiing, barefoot beach starts, a triple barefoot exhibition, and six-man pyramid. A real crowd pleaser was performed by **Del Cummins,** Theme Park Electrical, who placed a six-foot ladder on a disc and did 360° turns while standing on top of it! Plaudits go to all of the cast for a super ski show.

Just a reminder that Little Lake Bryan ended its seven-day-a-week operation with our Labor Day Picnic, and now returns to a **weekend only** operation. The lake is open Saturday and Sunday from 11 am till dusk.
